## Welcome Message

# Welcome Message

Welcome to SLM 2023! Join us for high-quality presentations by renowned experts in hepatology. This event is not to be missed!

Welcome to the Saudi Liver Meeting 2023 (SLM) from the Saudi Society for the Study of Liver Disease and Transplantation (SASLT) and its governing board. It is with great honor that we extend our warmest greetings to all participants attending the event, which will take place from October 26 to 28, 2023.

At SASLT, our mission is to advance knowledge about liver health and disease, with a particular emphasis on excellence in clinical hepatology and liver transplantation in the Kingdom of Saudi Arabia. We strive to promote research and innovation and collaborate with all stakeholders to create a society with a healthy liver.

Over the years, we have remained committed to upholding the highest standards of scientific activities, keeping pace with the rapid changes in hepatology and liver transplantation. Our goal is to elevate our scientific gatherings to international standards.

The SLM provides a platform for experts, colleagues, healthcare providers, and associates to exchange information, discuss the latest research, and explore new developments in Hepatology, and liver transplantation. It also offers an opportunity to network with leading experts in the field.

We would like to express our gratitude to the organizing and scientific committees for their unwavering support and tireless efforts in making this event possible.

Once again, we extend a sincere welcome to all participants and encourage everyone to actively participate by sharing their valuable opinions and suggestions. We hope you have an enjoyable and productive meeting over the course of the next three days.

Sincerely,

**Dr. Faisal Abaalkhail**

**SASLT President**  
Saudi Society for the  
Study of Liver Disease and  
Transplantation
